

“KEEP OUR KIDS ON THE FIELD”

Youth sports play an important role in the development of lifelong skills while promoting physical, mental and social well-being. It is well-known that children who participate in sports are less likely to drop out of school and become involved in drugs and alcohol activity.

Several years ago, the KPY board established the golf outing as a way to increase community youth sports opportunities and assist the KP school district combat budget constraints affecting the district's ability to properly fund many of its sports programs. Through the years, KPY has established free youth sports clinics, developed student athlete trainer opportunities and helped the district successfully re-instate eliminated school teams and coaches.
